

STATE HEALTH SERVICES CORPORATION

Tender Reference: NIT/2027/CIV/544

Name of Work: Supply, Installation and Commissioning of Enterprise Data Centre Infrastructure

SECTION V - PENALTIES, GUARANTEES AND LIABILITY

In the event of delay in completion, liquidated damages shall be levied at 1% of the contract value per month of delay, subject to an overall ceiling of 5% of the total contract value.

The successful bidder shall furnish a performance bank guarantee equal to 3% of the contract value, valid for 42 months from the date of award.

All supplied equipment shall carry a comprehensive on-site warranty of 5 years from the date of successful commissioning.

The aggregate liability of the contractor under this contract shall not exceed 50% of the total contract value, save in cases of fraud, wilful misconduct or breach of confidentiality obligations.

Separately, failure to depute the approved project manager within thirty days of award shall attract a one-time administrative penalty of 2% of the first milestone value, which shall be recovered from the next due payment and shall not count towards the liquidated damages ceiling.

INSTRUCTIONS TO BIDDERS

6.1 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

11.2 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

8.3 The contractor shall conduct 6 structured training sessions for a minimum of 30 designated personnel, and shall furnish training material in editable soft-copy format.

5.4 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

11.5 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

7.6 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.5 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 4 hours per month.

6.7 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

11.8 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

2.9 Helpdesk support shall be available on a round-the-clock basis, with first response within 15 minutes for critical incidents and resolution within 8 hours.

7.10 Any clarification sought by prospective bidders shall be addressed to the office of the

undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

2.11 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

4.12 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 7 years from commissioning.

4.13 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

12.14 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

1.15 All active components shall be rack-mountable in standard 45U enclosures and shall support front-to-rear airflow. Operating temperature range shall be 5 to 45 degrees Celsius at relative humidity of up to 80 percent non-condensing.

10.16 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

9.17 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

2.18 Physical security of the installation shall include access control with audit logging retained for a minimum of 180 days, and surveillance coverage of all equipment rooms.

10.19 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

7.20 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

12.21 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 1200 ports shall be submitted in soft copy prior to commissioning.

3.22 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

3.23 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

1.24 The proposed solution shall sustain a minimum of 1000 concurrent transactions per second at a ninety-fifth percentile response time not exceeding 200 milliseconds, as demonstrated during acceptance testing.

9.25 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

6.26 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

11.27 Backup of all configuration and transactional data shall be taken at intervals not exceeding 4 hours, with a recovery time objective of 8 hours for the primary application tier.

12.28 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

11.29 Upon completion, the contractor shall remove all temporary works, surplus materials and debris from the site and restore the premises to the satisfaction of the engineer-in-charge.

11.30 The contractor shall carry out preventive maintenance at least once every 6 months during the support period, and shall submit a signed checklist after each visit.

10.31 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

10.32 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

11.33 The contractor shall conduct 4 structured training sessions for a minimum of 75 designated personnel, and shall furnish training material in editable soft-copy format.

4.34 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

5.35 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

SECTION VI · DISPUTE RESOLUTION AND GENERAL CONDITIONS

Any dispute arising out of or in connection with this contract shall be referred to arbitration under the Indian Council of Arbitration Rules, with Bengaluru as the seat of arbitration.

All bid documents, correspondence and deliverables shall be submitted in English.

The contract shall be governed by and construed in accordance with the laws of India. The courts at the seat of arbitration shall have exclusive jurisdiction.

GENERAL CONDITIONS OF CONTRACT

11.1 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

3.2 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

6.3 The contractor shall conduct 4 structured training sessions for a minimum of 75 designated personnel, and shall furnish training material in editable soft-copy format.

12.4 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

12.5 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

2.6 Helpdesk support shall be available on a 24x7 basis, with first response within 15 minutes for critical incidents and resolution within 4 hours.

9.7 All pages of the bid document shall be serially numbered and signed by the authorised

signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

10.8 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

11.9 Physical security of the installation shall include access control with audit logging retained for a minimum of 365 days, and surveillance coverage of all equipment rooms.

12.10 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

4.11 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

9.12 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.9 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 4 hours per month.

12.13 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

7.14 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

11.15 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 5 years from commissioning.

12.16 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

12.17 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

9.18 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 2400 ports shall be submitted in soft copy prior to commissioning.

6.19 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

10.20 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

11.21 Backup of all configuration and transactional data shall be taken at intervals not exceeding 24 hours, with a recovery time objective of 2 hours for the primary application tier.

9.22 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

6.23 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

12.24 The proposed solution shall sustain a minimum of 5000 concurrent transactions per second at a ninety-fifth percentile response time not exceeding 200 milliseconds, as demonstrated during acceptance testing.

10.25 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

12.26 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

NOTICE INVITING TENDER

State Health Services Corporation, Ahmedabad, invites online bids from eligible and experienced bidders for the work titled 'Supply, Installation and Commissioning of Enterprise Data Centre Infrastructure' under reference number NIT/2027/CIV/544.

The last date and time for submission of bids is 21 January 2027 at 14:30 hours IST.

A pre-bid meeting shall be convened on 10 April 2027 at the office of the State Health Services Corporation.

A non-refundable tender document fee of Rs. 10,000 shall be paid online at the time of bid submission.

Bidders shall register on the e-procurement portal and obtain a valid digital signature certificate of Class III or above prior to submission.

SPECIAL CONDITIONS OF CONTRACT

12.1 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

2.2 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

10.3 The contractor shall carry out preventive maintenance at least once every 3 months during the support period, and shall submit a signed checklist after each visit.

11.4 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

6.5 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

2.6 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 3 years from commissioning.

7.7 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

6.8 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

6.9 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 250 ports shall be submitted in soft copy prior to commissioning.

5.10 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

4.11 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

4.12 All active components shall be rack-mountable in standard 47U enclosures and shall

support front-to-rear airflow. Operating temperature range shall be 0 to 40 degrees Celsius at relative humidity of up to 80 percent non-condensing.

8.13 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

10.14 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

6.15 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.5 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 8 hours per month.

8.16 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

4.17 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

12.18 Backup of all configuration and transactional data shall be taken at intervals not exceeding 4 hours, with a recovery time objective of 4 hours for the primary application tier.

5.19 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

6.20 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

3.21 The contractor shall conduct 8 structured training sessions for a minimum of 20 designated personnel, and shall furnish training material in editable soft-copy format.

9.22 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

11.23 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

10.24 Physical security of the installation shall include access control with audit logging retained for a minimum of 90 days, and surveillance coverage of all equipment rooms.

1.25 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

3.26 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

4.27 Helpdesk support shall be available on a 12x6 basis, with first response within 15 minutes for critical incidents and resolution within 24 hours.

5.28 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

3.29 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

9.30 The proposed solution shall sustain a minimum of 1000 concurrent transactions per

second at a ninety-fifth percentile response time not exceeding 800 milliseconds, as demonstrated during acceptance testing.

SECTION IV · PAYMENT TERMS

Payments shall be released against milestones as follows: 20% as mobilisation advance against an equivalent bank guarantee, 65% on delivery and installation, and the balance 15% on final acceptance testing and handover.

All payments shall be subject to deduction of tax at source as applicable. Invoices shall be raised only after written certification of the corresponding milestone by the project officer.

The contract shall be executed over a period of 60 months from the date of issue of the letter of award.

TECHNICAL SPECIFICATIONS

5.1 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

1.2 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

4.3 Backup of all configuration and transactional data shall be taken at intervals not exceeding 24 hours, with a recovery time objective of 8 hours for the primary application tier.

4.4 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

9.5 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

1.6 All active components shall be rack-mountable in standard 47U enclosures and shall support front-to-rear airflow. Operating temperature range shall be 5 to 50 degrees Celsius at relative humidity of up to 90 percent non-condensing.

12.7 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

9.8 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

12.9 The contractor shall carry out preventive maintenance at least once every 6 months during the support period, and shall submit a signed checklist after each visit.

6.10 Upon completion, the contractor shall remove all temporary works, surplus materials and debris from the site and restore the premises to the satisfaction of the engineer-in-charge.

2.11 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

11.12 Physical security of the installation shall include access control with audit logging retained for a minimum of 90 days, and surveillance coverage of all equipment rooms.

4.13 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

6.14 Force majeure events shall include acts of God, war, civil commotion, epidemic and any

order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

7.15 The proposed solution shall sustain a minimum of 1000 concurrent transactions per second at a ninety-fifth percentile response time not exceeding 800 milliseconds, as demonstrated during acceptance testing.

5.16 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

1.17 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

4.18 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 1200 ports shall be submitted in soft copy prior to commissioning.

2.19 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

9.20 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

6.21 The contractor shall conduct 3 structured training sessions for a minimum of 30 designated personnel, and shall furnish training material in editable soft-copy format.

8.22 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

11.23 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

1.24 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.9 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 8 hours per month.

4.25 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

8.26 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

8.27 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 5 years from commissioning.

11.28 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

12.29 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

1.30 Helpdesk support shall be available on a round-the-clock basis, with first response within 15 minutes for critical incidents and resolution within 24 hours.

5.31 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the

bidders shall stand extended to the revised deadline.

11.32 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

4.33 Backup of all configuration and transactional data shall be taken at intervals not exceeding 24 hours, with a recovery time objective of 4 hours for the primary application tier.

11.34 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

8.35 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

1.36 All active components shall be rack-mountable in standard 45U enclosures and shall support front-to-rear airflow. Operating temperature range shall be 0 to 45 degrees Celsius at relative humidity of up to 90 percent non-condensing.

10.37 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

SECTION II · ELIGIBILITY CRITERIA

The bidder shall satisfy each of the following pre-qualification requirements. Documentary evidence for every criterion shall be enclosed with the technical bid.

The bidder shall have a minimum of 5 years of experience in executing projects of a similar nature in the field of IT Infrastructure.

The bidder shall hold valid ISO 9001:2015 and ISO 14001:2015 certifications as on the date of bid submission.

Joint ventures, consortiums and any form of collaborative bidding are strictly prohibited. Only single-entity bids shall be accepted.

Sub-contracting of the awarded work is permitted only up to 10% of the total contract value, and only with the prior written approval of the Purchaser.

For the limited purpose of empanelling sub-contractors, an indicative annual turnover of Rs. 4,00,00,000 is suggested. This is a guidance value only and is not a pre-qualification requirement for the bidder.

Purchase preference shall be extended to Class-I local suppliers in accordance with the prevailing Public Procurement (Preference to Make in India) Order.

SCOPE OF WORK

2.1 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

9.2 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

4.3 Backup of all configuration and transactional data shall be taken at intervals not exceeding 12 hours, with a recovery time objective of 4 hours for the primary application tier.

5.4 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

12.5 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

1.6 Physical security of the installation shall include access control with audit logging retained for a minimum of 180 days, and surveillance coverage of all equipment rooms.

5.7 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

10.8 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

5.9 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 5 years from commissioning.

3.10 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

6.11 Upon completion, the contractor shall remove all temporary works, surplus materials and debris from the site and restore the premises to the satisfaction of the engineer-in-charge.

8.12 The proposed solution shall sustain a minimum of 1000 concurrent transactions per second at a ninety-fifth percentile response time not exceeding 200 milliseconds, as demonstrated during acceptance testing.

7.13 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

6.14 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

5.15 All active components shall be rack-mountable in standard 45U enclosures and shall support front-to-rear airflow. Operating temperature range shall be 0 to 50 degrees Celsius at relative humidity of up to 80 percent non-condensing.

9.16 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

1.17 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

3.18 The contractor shall carry out preventive maintenance at least once every 6 months during the support period, and shall submit a signed checklist after each visit.

12.19 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

2.20 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

4.21 Helpdesk support shall be available on a 24x7 basis, with first response within 30 minutes for critical incidents and resolution within 24 hours.

12.22 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

8.23 All pages of the bid document shall be serially numbered and signed by the authorised

signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

7.24 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.5 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 6 hours per month.

8.25 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

8.26 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

SECTION III · FINANCIAL REQUIREMENTS

The bidder shall have achieved a minimum average annual turnover of INR 3,00,00,000 in each of the last three audited financial years.

Bids shall be accompanied by an Earnest Money Deposit (EMD) of Rs. 15 lakhs, furnished as a demand draft or an unconditional bank guarantee.

A bank solvency certificate issued by a scheduled commercial bank within the preceding six months is mandatory and shall be enclosed with the technical bid.

Where a bidder is exempted from furnishing earnest money under a subsisting government notification, a bid security declaration shall be submitted in lieu thereof. The notional value of such declaration shall be reckoned as Rs. 12,50,000 solely for record-keeping purposes.

Bids shall remain valid for a period of 120 days from the date of opening of the technical bid.

SCOPE OF WORK

4.1 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

5.2 Upon completion, the contractor shall remove all temporary works, surplus materials and debris from the site and restore the premises to the satisfaction of the engineer-in-charge.

8.3 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.9 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 4 hours per month.

12.4 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

8.5 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

9.6 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 7 years from commissioning.

1.7 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

3.8 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

6.9 The contractor shall conduct 4 structured training sessions for a minimum of 30 designated personnel, and shall furnish training material in editable soft-copy format.

12.10 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

5.11 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

6.12 Backup of all configuration and transactional data shall be taken at intervals not exceeding 12 hours, with a recovery time objective of 2 hours for the primary application tier.

5.13 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

9.14 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

12.15 The contractor shall carry out preventive maintenance at least once every 4 months during the support period, and shall submit a signed checklist after each visit.

4.16 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

1.17 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

12.18 Physical security of the installation shall include access control with audit logging retained for a minimum of 90 days, and surveillance coverage of all equipment rooms.

11.19 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

5.20 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

11.21 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 500 ports shall be submitted in soft copy prior to commissioning.

10.22 Upon completion, the contractor shall remove all temporary works, surplus materials and debris from the site and restore the premises to the satisfaction of the engineer-in-charge.

2.23 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

10.24 Helpdesk support shall be available on a round-the-clock basis, with first response within 15 minutes for critical incidents and resolution within 4 hours.

1.25 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

3.26 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

10.27 The proposed solution shall sustain a minimum of 5000 concurrent transactions per second at a ninety-fifth percentile response time not exceeding 500 milliseconds, as

demonstrated during acceptance testing.

5.28 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

6.29 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

3.30 All active components shall be rack-mountable in standard 45U enclosures and shall support front-to-rear airflow. Operating temperature range shall be 0 to 40 degrees Celsius at relative humidity of up to 80 percent non-condensing.

2.31 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

8.32 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

9.33 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.5 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 6 hours per month.

10.34 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

5.35 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

7.36 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 7 years from commissioning.

2.37 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.
