

NATIONAL INSTITUTE OF ADVANCED SYSTEMS

Tender Reference: RFP/2027/PWD/738

Name of Work: Procurement of Solar Photovoltaic Modules and Balance of System

SECTION V · PENALTIES, GUARANTEES AND LIABILITY

In the event of delay in completion, liquidated damages shall be levied at 0.25% of the contract value per month of delay, subject to an overall ceiling of 5% of the total contract value.

The successful bidder shall furnish a performance bank guarantee equal to 5% of the contract value, valid for 36 months from the date of award.

All supplied equipment shall carry a comprehensive on-site warranty of 1 years from the date of successful commissioning.

The aggregate liability of the contractor under this contract shall not exceed 150% of the total contract value, save in cases of fraud, wilful misconduct or breach of confidentiality obligations.

Separately, failure to depute the approved project manager within thirty days of award shall attract a one-time administrative penalty of 2% of the first milestone value, which shall be recovered from the next due payment and shall not count towards the liquidated damages ceiling.

INSTRUCTIONS TO BIDDERS

1.1 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

3.2 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

3.3 The contractor shall conduct 6 structured training sessions for a minimum of 30 designated personnel, and shall furnish training material in editable soft-copy format.

9.4 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

11.5 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

6.6 Helpdesk support shall be available on a 24x7 basis, with first response within 30 minutes for critical incidents and resolution within 12 hours.

12.7 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

9.8 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

12.9 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 7 years from commissioning.

7.10 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered

post.

2.11 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

10.12 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.9 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 6 hours per month.

7.13 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

7.14 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

11.15 The proposed solution shall sustain a minimum of 1000 concurrent transactions per second at a ninety-fifth percentile response time not exceeding 200 milliseconds, as demonstrated during acceptance testing.

4.16 Upon completion, the contractor shall remove all temporary works, surplus materials and debris from the site and restore the premises to the satisfaction of the engineer-in-charge.

4.17 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

7.18 Physical security of the installation shall include access control with audit logging retained for a minimum of 365 days, and surveillance coverage of all equipment rooms.

5.19 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

11.20 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

12.21 The contractor shall carry out preventive maintenance at least once every 4 months during the support period, and shall submit a signed checklist after each visit.

8.22 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

8.23 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

4.24 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 2400 ports shall be submitted in soft copy prior to commissioning.

8.25 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

12.26 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

2.27 All active components shall be rack-mountable in standard 45U enclosures and shall support front-to-rear airflow. Operating temperature range shall be 10 to 40 degrees Celsius at relative humidity of up to 90 percent non-condensing.

10.28 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

10.29 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

NOTICE INVITING TENDER

National Institute of Advanced Systems, Mumbai, invites online bids from eligible and experienced bidders for the work titled 'Procurement of Solar Photovoltaic Modules and Balance of System' under reference number RFP/2027/PWD/738.

The last date and time for submission of bids is 10 July 2027 at 15:00 hours IST.

A pre-bid meeting shall be convened on 14 June 2027 at the office of the National Institute of Advanced Systems.

A non-refundable tender document fee of Rs. 5,000 shall be paid online at the time of bid submission.

Bidders shall register on the e-procurement portal and obtain a valid digital signature certificate of Class III or above prior to submission.

GENERAL CONDITIONS OF CONTRACT

12.1 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

10.2 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

2.3 Helpdesk support shall be available on a round-the-clock basis, with first response within 45 minutes for critical incidents and resolution within 24 hours.

10.4 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

9.5 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

3.6 The contractor shall conduct 6 structured training sessions for a minimum of 30 designated personnel, and shall furnish training material in editable soft-copy format.

10.7 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

5.8 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

10.9 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 7 years from commissioning.

6.10 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

9.11 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding

process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

2.12 Backup of all configuration and transactional data shall be taken at intervals not exceeding 4 hours, with a recovery time objective of 4 hours for the primary application tier.

7.13 Upon completion, the contractor shall remove all temporary works, surplus materials and debris from the site and restore the premises to the satisfaction of the engineer-in-charge.

11.14 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

10.15 The contractor shall carry out preventive maintenance at least once every 4 months during the support period, and shall submit a signed checklist after each visit.

2.16 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

10.17 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

2.18 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 1200 ports shall be submitted in soft copy prior to commissioning.

7.19 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

9.20 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

6.21 All active components shall be rack-mountable in standard 42U enclosures and shall support front-to-rear airflow. Operating temperature range shall be 0 to 45 degrees Celsius at relative humidity of up to 80 percent non-condensing.

6.22 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

2.23 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

2.24 The proposed solution shall sustain a minimum of 5000 concurrent transactions per second at a ninety-fifth percentile response time not exceeding 200 milliseconds, as demonstrated during acceptance testing.

4.25 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

5.26 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

4.27 Physical security of the installation shall include access control with audit logging retained for a minimum of 90 days, and surveillance coverage of all equipment rooms.

1.28 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

9.29 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

7.30 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.95 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 6 hours per month.

1.31 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

6.32 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

1.33 Helpdesk support shall be available on a 24x7 basis, with first response within 30 minutes for critical incidents and resolution within 12 hours.

2.34 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

2.35 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

2.36 The contractor shall conduct 6 structured training sessions for a minimum of 75 designated personnel, and shall furnish training material in editable soft-copy format.

4.37 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

SECTION II · ELIGIBILITY CRITERIA

The bidder shall satisfy each of the following pre-qualification requirements. Documentary evidence for every criterion shall be enclosed with the technical bid.

The bidder shall have a minimum of 10 years of experience in executing projects of a similar nature in the field of Renewable Energy.

The bidder shall hold valid ISO 9001:2015 and ISO 14001:2015 certifications as on the date of bid submission.

Joint ventures, consortiums and any form of collaborative bidding are strictly prohibited. Only single-entity bids shall be accepted.

Sub-contracting of the awarded work is permitted only up to 25% of the total contract value, and only with the prior written approval of the Purchaser.

For the limited purpose of empanelling sub-contractors, an indicative annual turnover of Rs. 6,00,00,000 is suggested. This is a guidance value only and is not a pre-qualification requirement for the bidder.

Purchase preference shall be extended to Class-I local suppliers in accordance with the prevailing Public Procurement (Preference to Make in India) Order.

ANNEXURE · FORMATS AND DECLARATIONS

5.1 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

2.2 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

11.3 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.95 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 8 hours per month.

11.4 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

4.5 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

8.6 The contractor shall conduct 3 structured training sessions for a minimum of 30 designated personnel, and shall furnish training material in editable soft-copy format.

2.7 Upon completion, the contractor shall remove all temporary works, surplus materials and debris from the site and restore the premises to the satisfaction of the engineer-in-charge.

5.8 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

1.9 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 7 years from commissioning.

3.10 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

11.11 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

8.12 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 2400 ports shall be submitted in soft copy prior to commissioning.

5.13 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

4.14 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

3.15 The contractor shall carry out preventive maintenance at least once every 6 months during the support period, and shall submit a signed checklist after each visit.

9.16 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

12.17 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

8.18 Helpdesk support shall be available on a 24x7 basis, with first response within 45 minutes for critical incidents and resolution within 4 hours.

1.19 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

12.20 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

7.21 Backup of all configuration and transactional data shall be taken at intervals not

exceeding 6 hours, with a recovery time objective of 4 hours for the primary application tier.

1.22 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

7.23 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

12.24 Physical security of the installation shall include access control with audit logging retained for a minimum of 90 days, and surveillance coverage of all equipment rooms.

3.25 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

5.26 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

6.27 The proposed solution shall sustain a minimum of 5000 concurrent transactions per second at a ninety-fifth percentile response time not exceeding 500 milliseconds, as demonstrated during acceptance testing.

10.28 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

9.29 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

1.30 All active components shall be rack-mountable in standard 42U enclosures and shall support front-to-rear airflow. Operating temperature range shall be 0 to 40 degrees Celsius at relative humidity of up to 85 percent non-condensing.

9.31 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

7.32 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

5.33 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.95 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 4 hours per month.

SECTION III · FINANCIAL REQUIREMENTS

The bidder shall have achieved a minimum average annual turnover of Rs. 5,00,00,000 in each of the last three audited financial years.

Bids shall be accompanied by an Earnest Money Deposit (EMD) of Rs. 15,00,000, furnished as a demand draft or an unconditional bank guarantee.

A bank solvency certificate is not required for this procurement. Audited financial statements for the last three years shall be sufficient.

Where a bidder is exempted from furnishing earnest money under a subsisting government notification, a bid security declaration shall be submitted in lieu thereof. The notional value of such declaration shall be reckoned as Rs. 12,50,000 solely for record-keeping purposes.

Bids shall remain valid for a period of 180 days from the date of opening of the technical

bid.

SPECIAL CONDITIONS OF CONTRACT

5.1 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

6.2 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

7.3 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.9 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 6 hours per month.

1.4 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

10.5 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

9.6 The contractor shall conduct 4 structured training sessions for a minimum of 50 designated personnel, and shall furnish training material in editable soft-copy format.

11.7 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

2.8 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

7.9 The contractor shall carry out preventive maintenance at least once every 4 months during the support period, and shall submit a signed checklist after each visit.

6.10 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

9.11 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

12.12 Physical security of the installation shall include access control with audit logging retained for a minimum of 180 days, and surveillance coverage of all equipment rooms.

2.13 Upon completion, the contractor shall remove all temporary works, surplus materials and debris from the site and restore the premises to the satisfaction of the engineer-in-charge.

3.14 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

2.15 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 1200 ports shall be submitted in soft copy prior to commissioning.

9.16 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

5.17 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

10.18 The proposed solution shall sustain a minimum of 5000 concurrent transactions per

second at a ninety-fifth percentile response time not exceeding 500 milliseconds, as demonstrated during acceptance testing.

7.19 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

1.20 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

12.21 Helpdesk support shall be available on a 12x6 basis, with first response within 45 minutes for critical incidents and resolution within 12 hours.

8.22 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

10.23 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

11.24 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 3 years from commissioning.

7.25 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

3.26 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

SECTION IV · PAYMENT TERMS

Payments shall be released against milestones as follows: 20% as mobilisation advance against an equivalent bank guarantee, 60% on delivery and installation, and the balance 20% on final acceptance testing and handover.

All payments shall be subject to deduction of tax at source as applicable. Invoices shall be raised only after written certification of the corresponding milestone by the project officer.

The contract shall be executed over a period of 24 months from the date of issue of the letter of award.

SCOPE OF WORK

5.1 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

3.2 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

12.3 Helpdesk support shall be available on a round-the-clock basis, with first response within 15 minutes for critical incidents and resolution within 12 hours.

1.4 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

12.5 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given

within fifteen days of the occurrence of such event.

6.6 The contractor shall conduct 6 structured training sessions for a minimum of 20 designated personnel, and shall furnish training material in editable soft-copy format.

12.7 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

12.8 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

6.9 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.95 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 8 hours per month.

2.10 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

11.11 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

7.12 Backup of all configuration and transactional data shall be taken at intervals not exceeding 4 hours, with a recovery time objective of 8 hours for the primary application tier.

6.13 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

1.14 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

10.15 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 250 ports shall be submitted in soft copy prior to commissioning.

10.16 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

2.17 Upon completion, the contractor shall remove all temporary works, surplus materials and debris from the site and restore the premises to the satisfaction of the engineer-in-charge.

7.18 All active components shall be rack-mountable in standard 47U enclosures and shall support front-to-rear airflow. Operating temperature range shall be 5 to 40 degrees Celsius at relative humidity of up to 90 percent non-condensing.

6.19 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

2.20 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

8.21 Physical security of the installation shall include access control with audit logging retained for a minimum of 90 days, and surveillance coverage of all equipment rooms.

9.22 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

11.23 The contractor shall not assign or transfer the contract or any part thereof, or any benefit or interest therein, without the prior written consent of the Purchaser.

8.24 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 5 years from commissioning.

2.25 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

7.26 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

1.27 The contractor shall carry out preventive maintenance at least once every 3 months during the support period, and shall submit a signed checklist after each visit.

12.28 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

4.29 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

6.30 The proposed solution shall sustain a minimum of 500 concurrent transactions per second at a ninety-fifth percentile response time not exceeding 200 milliseconds, as demonstrated during acceptance testing.

4.31 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

7.32 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

7.33 Helpdesk support shall be available on a 12x6 basis, with first response within 15 minutes for critical incidents and resolution within 24 hours.

10.34 Bidders are advised to read all instructions contained in this document carefully before preparing and submitting their bids. Non-compliance with any instruction may render a bid liable to rejection at the sole discretion of the Purchaser.

SECTION VI · DISPUTE RESOLUTION AND GENERAL CONDITIONS

Any dispute arising out of or in connection with this contract shall be referred to arbitration under the Arbitration and Conciliation Act, 1996, with Bengaluru as the seat of arbitration.

All bid documents, correspondence and deliverables shall be submitted in English or Hindi.

The contract shall be governed by and construed in accordance with the laws of India. The courts at the seat of arbitration shall have exclusive jurisdiction.

SCOPE OF WORK

7.1 All pages of the bid document shall be serially numbered and signed by the authorised signatory of the bidder. Any interlineation, erasure or overwriting shall be valid only if initialled by the person signing the bid.

5.2 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

10.3 Physical security of the installation shall include access control with audit logging retained for a minimum of 90 days, and surveillance coverage of all equipment rooms.

6.4 The contractor shall not assign or transfer the contract or any part thereof, or any

benefit or interest therein, without the prior written consent of the Purchaser.

4.5 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

4.6 Helpdesk support shall be available on a 24x7 basis, with first response within 15 minutes for critical incidents and resolution within 8 hours.

5.7 The bidder shall be deemed to have satisfied itself as to the correctness and sufficiency of the bid and of the rates and prices quoted, which shall cover all its obligations under the contract.

8.8 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

5.9 All active components shall be rack-mountable in standard 47U enclosures and shall support front-to-rear airflow. Operating temperature range shall be 5 to 50 degrees Celsius at relative humidity of up to 90 percent non-condensing.

9.10 Conditional bids, bids with deviations from the mandatory technical specifications, and bids received after the prescribed deadline shall be summarily rejected without further correspondence.

10.11 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

11.12 Redundancy shall be provided such that no single point of failure exists. Availability of not less than 99.9 percent shall be maintained on a monthly basis, excluding pre-approved maintenance windows not exceeding 4 hours per month.

2.13 The bidder shall maintain complete confidentiality in respect of all data, drawings and specifications received from the Purchaser, and shall not disclose the same to any third party without prior written consent.

2.14 Any clarification sought by prospective bidders shall be addressed to the office of the undersigned in writing. Responses to material clarifications shall be published as a corrigendum on the portal and shall form an integral part of this document.

9.15 All software supplied shall be licensed in the name of the Purchaser in perpetuity, with entitlement to updates and patches for a period of not less than 7 years from commissioning.

12.16 Any notice required to be given under this contract shall be in writing and shall be deemed to have been served when delivered by hand against acknowledgement or by registered post.

7.17 Nothing in this document shall be construed as creating any obligation on the part of the Purchaser to shortlist, negotiate with, or award a contract to any bidder responding hereto.

3.18 All cabling shall conform to the applicable structured cabling standard and shall be tested end-to-end. Test reports for a minimum of 1200 ports shall be submitted in soft copy prior to commissioning.

4.19 Bids shall be submitted online through the designated e-procurement portal. Physical bids sent by post, courier, facsimile or electronic mail shall not be entertained under any circumstances.

6.20 The successful bidder shall depute a full-time project manager for the entire duration of the contract. Any replacement of key personnel shall require prior written approval of the Purchaser.

6.21 The contractor shall conduct 8 structured training sessions for a minimum of 30 designated personnel, and shall furnish training material in editable soft-copy format.

3.22 The Purchaser shall provide reasonable access to the site and to such existing records as are necessary for execution of the work, subject to the contractor's compliance with prevailing security and safety protocols.

1.23 The Purchaser reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders.

10.24 Backup of all configuration and transactional data shall be taken at intervals not exceeding 24 hours, with a recovery time objective of 4 hours for the primary application tier.

12.25 The contractor shall comply with all applicable labour laws, minimum wage notifications and workmen's compensation requirements in respect of personnel deployed at site.

3.26 Force majeure events shall include acts of God, war, civil commotion, epidemic and any order of a competent authority that renders performance impossible. Notice shall be given within fifteen days of the occurrence of such event.

6.27 The proposed solution shall sustain a minimum of 5000 concurrent transactions per second at a ninety-fifth percentile response time not exceeding 200 milliseconds, as demonstrated during acceptance testing.

12.28 The Purchaser may, at its discretion, extend the deadline for submission of bids by issuing a corrigendum, in which case all rights and obligations of the Purchaser and the bidders shall stand extended to the revised deadline.

12.29 No escalation in rates shall be admissible on account of variation in statutory levies, exchange rates or market prices during the currency of the contract, unless expressly provided herein.

12.30 The contractor shall carry out preventive maintenance at least once every 4 months during the support period, and shall submit a signed checklist after each visit.

10.31 The contractor shall submit monthly progress reports in the prescribed format, along with an updated project schedule reflecting actual progress against planned milestones.

4.32 Insurance cover for the full replacement value of all materials in transit and at site shall be arranged by the contractor at its own cost, with the Purchaser named as co-insured.

2.33 Physical security of the installation shall include access control with audit logging retained for a minimum of 365 days, and surveillance coverage of all equipment rooms.
